

Mantra M4926 Nordica Pendant White Shade 1 Light E27

Matt White Beech Ivory White Shade

Mantra M4926 Nordica Pendant White Shade 1 Light E27 Matt White Beech Ivory White Shade

A single light pendant finished in white and comes complete with white shade.

Mantra M4926 Nordica Pendant White Shade 1 Light E27 Matt White Beech Ivory White Shade

Nordica is a sleek and versatile range, a collection that is perfectly balanced by its combination of translucent shades, metal hardware and a natural wood structure. The Scandinavian influence can be seen in its minimalistic design, making it transferable across different decor schemes. The design and choice of colour between black and white is timeless. Every detail has been considered in this design and a complimenting braided cable enhances the products design identity even further.

A black ceiling pendant which is height adjustable during installation, suitable for both high and low high and low ceilings. A Scandinavian white shade hides away the E27 lamp which emits a shining cast of light into the room. Perfect for hanging in dining rooms, living rooms, bedrooms and even in kitchens. Works great as a stand-alone pendant or grouped together.
