

# Mantra M5146 Organica Table Lamp 3 Light

Gloss White Polished Chrome

Mantra M5146 Organica Table Lamp 3 Light Gloss White Polished Chrome

A stunning floor lamp from Mantra and is part of the Organica collection.

## Mantra M5146 Organica Table Lamp 3 Light Gloss White Polished Chrome

Organica's design has been inspired by the natural elements of marine formations. The white polymer shapes are sculpted to reflect the appearance of coral and natural sponges. The porous structures are transferred to the fittings in the form of multiple cut outs in various irregular shapes. This imitation creates wonderful and tranquil shadows when the fittings are illuminated and an intricate feature when turned off. Organica is a comprehensive collection offering a range of pendants, ceiling, wall and table lamps. The white polymer domes and globes are perfectly offset by the polished chrome detail. Organica is an elegant and transgressive design creating a key subject within the decorative space.

This spectacular floor lamp casts beautiful shadows through the unusual cutout shapes and is sure to make a statement within any contemporary living room or bedroom. Suitable for LEDs, the fitting can provide various colour temperatures which are also highly energy efficient.

### Specifications
