Mantra M5145 Organica Pendant 3 Light E27 Line Gloss White Polished Chrome

A height adjustable three light bar pendant from Mantra. Part of the Organica range with matching fittings available.

Mantra M5145 Organica Pendant 3 Light E27 Line Gloss White Polished Chrome

Organica's design has been inspired by the natural elements of marine formations. The white polymer shapes are sculpted to reflect the appearance of coral and natural sponges. The porous structures are transferred to the fittings in the form of multiple cut outs in various irregular shapes. This imitation creates wonderful and tranquil shadows when the fittings are illuminated and an intricate feature when turned off. Organica is a comprehensive collection offering a range of pendants, ceiling, wall and table lamps. The white polymer domes and globes are perfectly offset by the polished chrome detail. Organica is an elegant and transgressive design creating a key subject within the decorative space.

A stunning three bar pendant finished in polished chrome holds three individual pendants - each height adjustable suitable for both high and low ceilings. The contemporary style is perfect for hanging over kitchen isles, countertops and dining tables. Each lamp can be fitted with LED which is highly energy efficient. The unique shapes of the shades create beautiful visuals of lights and shadows which is sure to add a wow factor to your home.

Specifications
