 We recommend: all modern Still premises

- original ceiling fixture with two light sources: in the base of the plafond and in the reflector element.

Modern colors preferred by all designers, regardless of their country of origin:

black, white. The elongated shape suggests many applications and functions,

it will be perfect for high and typical rooms: 2.50 m - 2.60 m. It illuminates the ceiling and projects a beam of light onto the floor - an original idea.

The **Stilla** line includes configuration elements:

- wall lamp equipped with a controller
- pendant lamp equipped with a controller
- ceiling lamp equipped with a controller

Elements of the **Stilla** line allow you to create many interesting arrangements with their participation and other elements of the MIND LED collection.
