Nimbo by Pallucco

Product Group: Wall lights

Designer: Lagranja Design

SKU: NIM0050-18339

Color: Red

CONCEPT

Nimbo: an inspirational, sophisticated, technological cloud for which it is hard to find the words to describe. This light comes in three different versions: pendant, ceiling and wall. It owes its singular shape to the overlapping of two methacrylate shells with a surface that is pleasantly rough to the touch. This effect is obtained thanks to the use of a fibreglass fabric-mesh soaked in composite materials that gives it its distinctive look and a decidedly material feel.

The light has a thin, curvy profile with three rounded corners and rises at the centre where the light is more intense. The pendant version gives the impression of floating in a world without gravity and, like the wall/ceiling model, is enhanced by a dual light source: the light given off from the front is pure, soft and white while at the back it is coloured and atmospheric. It comes in opaline white, magenta and orange. Nimbo combines both the weft and warp of light and its commanding presence sets the tone in any room.

Nimbo can be positioned singly or arranged in multiple combinations and is available in two sizes: 520 mm and 730 mm.

Wall and Ceiling Lights

Sizes: 520 mm and 730 mm

Light source: the 230V version has 3 fluorescent 8W bulbs with E14 base for the 520 mm model and 3 fluorescent 16W bulbs with E27 base for the 730 mm model. The 110V version has 3 fluorescent 7W bulbs with E26 base for the 520 mm model and 3 fluorescent 15W bulbs with E26 base for the 730 mm model.
